

Addendum

To *Salty Lagoon Vegetation Monitoring Report –
Baseline (ref. 1731-1009)*

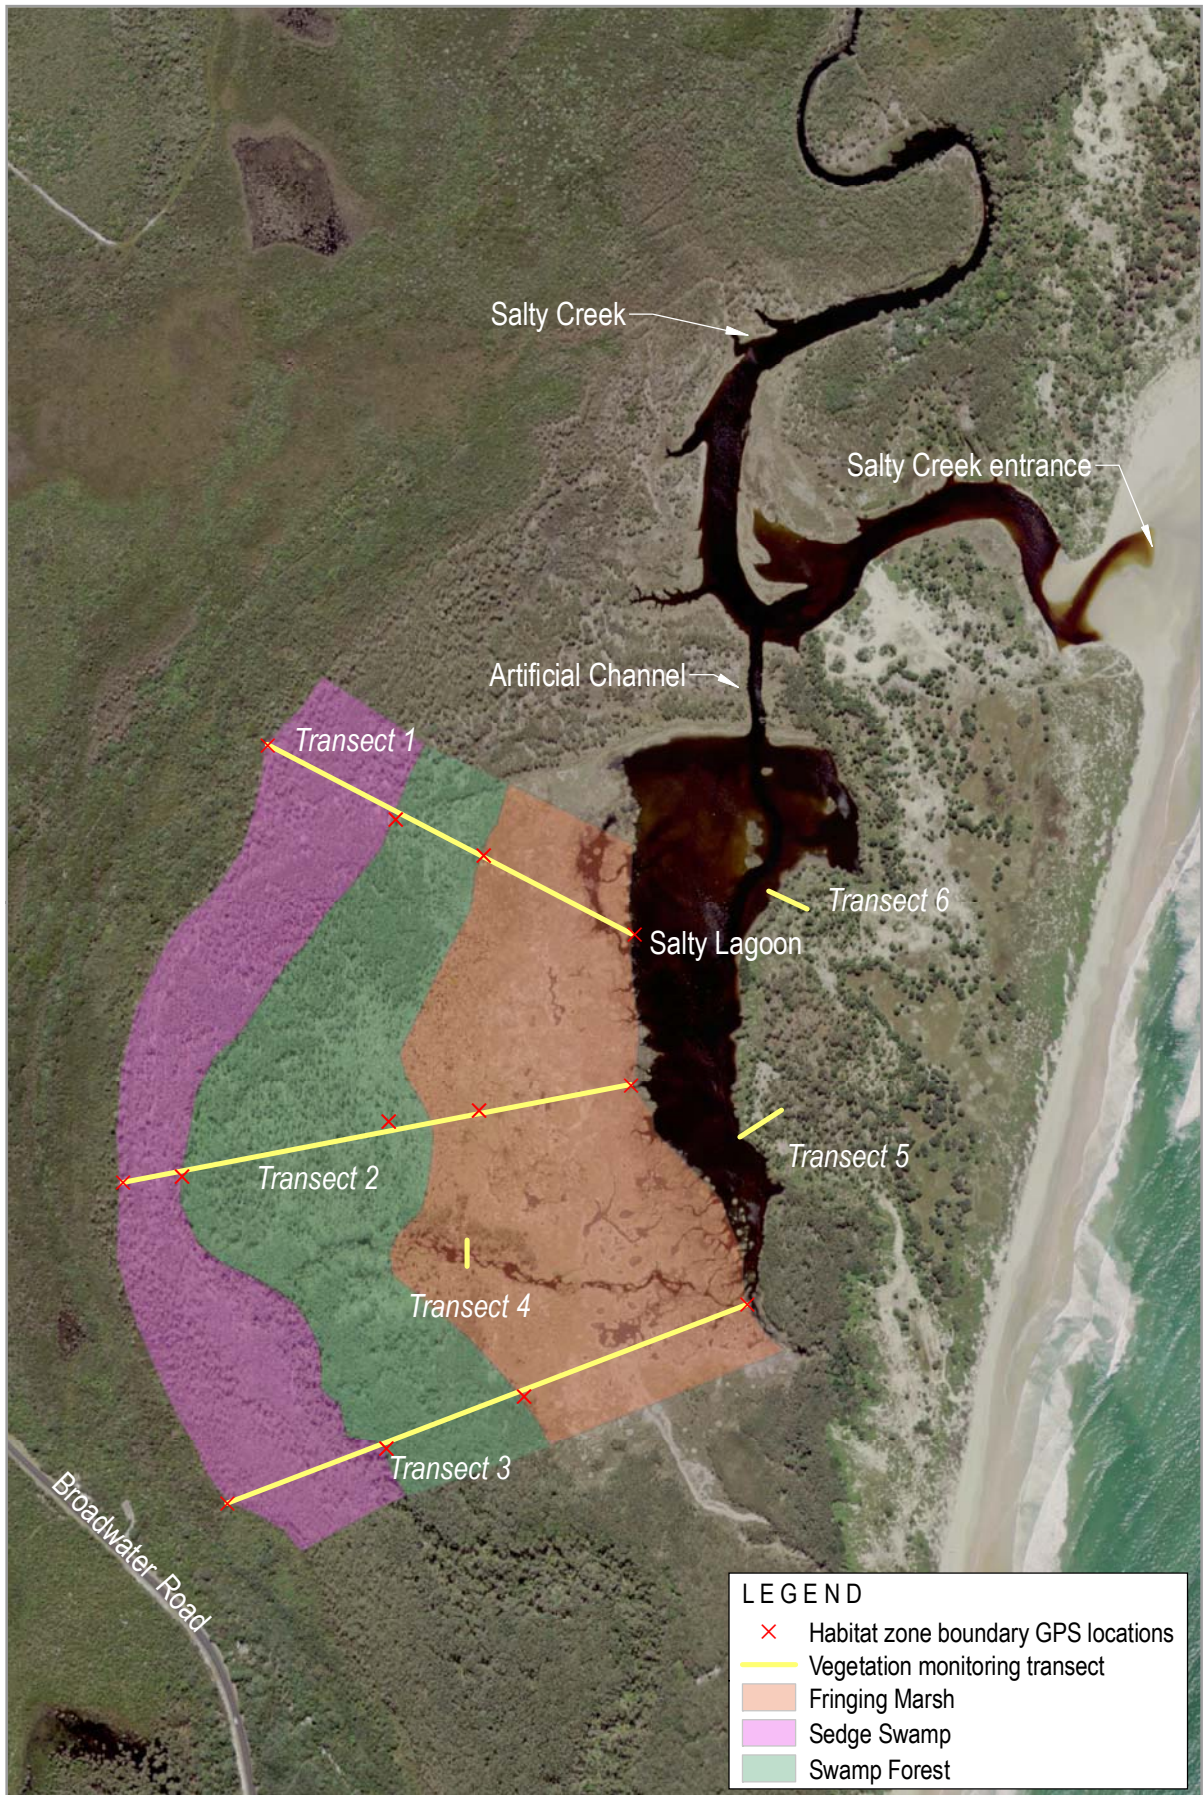

Addendum

This addendum provides a minor update to the Salty Lagoon Vegetation Monitoring Report (ref. 1731-1009; GeoLINK 2012). This update is to **Table 3.1** in regards to extents of vegetation habitat zones and to the associated illustration (**Illustration 3.1**). The revised table and illustration are provided below.

Table 3.1 **Extent of Vegetation Habitat Zones along Transects 1-3**

<i>Transect</i>	<i>Extent of Fringing Marsh (m)</i>	<i>Extent of Swamp Forest (m)</i>	<i>Extent of Sedge Swamp (m)</i>	<i>Total Length (m)</i>
Transect 1	182	100	156	438
Transect 2	165-217*	231-268*	62	547
Transect 3	259	156	175	590

*Extent given as a range due to the presence of a vegetation ecotone between these communities.

Location of Vegetation Habitat Zone Boundaries
