Knitting Needles and Crochet Hooks

Have you always wanted to learn how to knit or crochet but didn't want to buy all the different needles? Or maybe you have a particular project in mind that needs a special needle size? Well the Library now has you covered with our new collection of knitting needles and crochet hooks for patrons to borrow. If you've never used circular needles before, this is a great way to try them out. You can also try the different sizes of needles or crochet hooks to see which one gives you the correct gauge before purchasing a set (or just use ours to complete your project.)

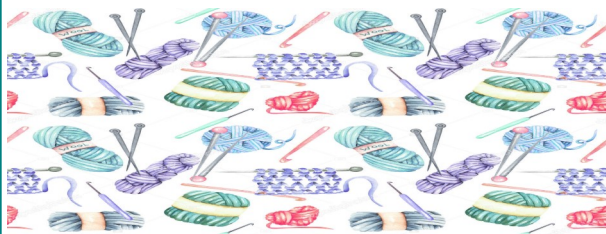

BORROWING TIME

Knitting needles and crochet hooks are available to all patrons and can be borrowed up to 3 weeks. Two renewals are permitted, provided there are no reserves waiting.

All of the needle sets or crochet hooks can be requested through the library catalogue and delivered to any of our branch libraries.

There will be various sizes in the knitting needles ranging from 2mm to 00mm in three different styles metal, plastic and bamboo.

Crochet hooks will range from 2 to 19 metric in two styles metal or plastic.

Knitting Needles and Crochet Hook Sizes Available
