

## WHERE DOES THE REVENUE GO?

The waste charges reflect the following costs:

- NSW Government waste levy of \$82.70 per tonne. The levy is collected by Council on behalf of the government.
- Landfill operational costs including licensing, monitoring and environmental management.
- Some waste types such as asbestos, concrete and green waste incur higher handling and processing costs.
- Further information can be found at [www.richmondvalley.nsw.gov.au](http://www.richmondvalley.nsw.gov.au)

## PAYMENT METHODS AT FACILITIES

Richmond Valley Council waste management facilities accept cash, EFTPOS (except Rappville) and cheque. Customers may be eligible to open an account, subject to approval.

Additional charges will apply when waste requires special handling and management to ensure compliance with Work Health and Safety legislation and environmental protection standards on site.

The fees and charges are inclusive of GST and all statutory charges.

A minimum charge applies to all waste loads. See full fees and charges at [www.richmondvalley.nsw.gov.au](http://www.richmondvalley.nsw.gov.au)

## ASBESTOS

Asbestos disposal Nammoona only. Conditions apply and 24 hours notification required. Please call 6662 6580.

### FREE TESTING KITS AVAILABLE AT COUNCIL'S CASINO AND EVANS HEAD OFFICES

## SAFETY FIRST

Safety procedures are in place at all waste management sites for the protection of everyone and must be followed at all times. As a minimum, while on site we ask that you:

- Obey speed limits, staff instruction and all signs
- Do not smoke anywhere on site
- Keep children and pets supervised and inside vehicles
- Wear enclosed shoes at all times and other personal protective equipment, such as gloves
