

Beamafilm User Guide

How do I watch online films?

Go to Beamafilm on the library website <https://bit.ly/rucrlcat> or download the app from the app store

Using the app or a computer/laptop search for the "Richmond-Upper Clarence (richmond valley) Library", then enter your library card number beginning with R, then click "Sign Up".

Richmond-Upper Clarence (richmond valley)

Enter Library Card Number *

If you don't have a Beamafilm account you will be asked to sign up.
Just enter your personal details to create your account.

The screenshot shows a dark-themed web form titled "Create your Beamafilm account" for the location "Richmond-Upper Clarence (richmond valley)". At the top, there are two buttons for social login: "Facebook" (blue) and "Google" (red). Below these are input fields for "First name", "Last name", "Email address", "Re-enter email address", "Password", and "Confirm password". A prominent orange "Sign Up" button is centered below the fields. At the bottom, a small line of text reads: "By signing up you confirm that you are 13 years or older and agree to Beamafilm's Terms & Conditions & Privacy Policy".

Once you have created your account, you can then log in
with your email address and password.

The screenshot shows a dark-themed web form titled "Log In to your Beamafilm account". It features the same "Facebook" and "Google" social login buttons at the top. Below are input fields for "Email address" and "Password". A link for "Forgot password?" is located below the password field. A centered orange "Log In" button is positioned below the input fields. At the bottom, there is a horizontal line with the word "Or" in the center, and a link below it that says "Click here to register for an account."

Now you can browse the films or search for specific titles or keywords.

The screenshot shows a dark-themed search bar. On the left, there is a text input field with the placeholder text "Search Title, Director, C..." and a magnifying glass icon to its right. On the right side of the search bar, the text "Richmond-Upper Clarence (richmond valley)" is displayed in orange.

To watch a film, you can click "Watch Now" or, open the details screen then click "View Film".

Age Restricted Mode for parental control:

AR Mode is not a KIDS setting. It is a way for parents to access hundreds of great G, PG & E-rated titles and to also be able to access Childrens' titles from within a lower-rated collection without needing to log out and back in again and to remember different passwords.

With AR mode applied, parents may wish to drill further down and to apply the Beamakids filter or to choose 'Children's and Family' from the Movies menu (so that if kids will only be able to find G, PG or E-rated titles if they choose to explore the rest of the collection once their movie ends).

To activate A-R mode (parental controls) on your Beamafilm account - needs to be set-up on the website version:

1. Open your profile on the top right of the Beamafilm nav bar.
 2. Select 'Ratings Control' and type in a new password that is different to your current password.
 3. Press update to create an age-restricted account. You will now have two versions of your account. The master will use your original password and the age-restricted account will use the new password.
 4. Log Out of your account and then Log In using the new password on the website or in the Beamafilm app.
 5. You will now see 'A-R mode' (Age-restricted mode) on the top nav bar!
- A-R mode will filter out films that are rated M, MA, R or Not Rated so that they won't be accessible when you Log In using your new password.

If you are unable to log into your age-restricted account:

1. Log In to your master account.
2. Access your profile on the top right of the nav bar.
3. Select 'Ratings Control' and type in a new password.
4. Press update to change your age-restricted account password.
5. You will now be able to log into the age-restricted account with this new password.

NB: A-R mode prevents underage viewers from being able to access the profile page. To access the profile page, you will need to log into your master account.
