COUNCIL MATTERS

At last month's meeting, Mayor Robert Mustow presented a mayoral minute to support Rous County Council's effort to repair the Bungawalbin levee.

Rous County Council has made seven attempts to gain funding to repair the levee without success.

Council resolved to strongly advocate to our local members and the relevant ministers to support the funding bid and help protect residents in the area.

Following reports of poor behaviour by drivers on Airport Beach, council considered a report on limiting access to the beach.

Council resolved to monitor usage and results of continued no-tolerance enforcement with councillors to visit Airforce Beach before considering a further report on all options available.

Next Council meeting

The next Council meeting will be held on Tuesday 18 April starting at 6pm.

The meetings are live streamed through Council's Facebook page, and available for viewing thereafter on Council's website.

Those who wish to address the Council on any listed matter, must download and fill out the public access application form from Council's website. The form should be returned to council@richmondvalley.nsw.gov.au by 4.30pm on the Monday prior to the meeting.

IN BRIEF

Anzac Day closures

Council facilities will close on Tuesday 25 April for the Anzac Day public holiday.

These facilities include our customer service centres at Casino and Evans Head, our waste recovery centres and landfills, libraries, visitor information centres and NRLX.

The facilities will reopen as usual on Wednesday 26 April.

Revocation of bush fire danger period

In accordance with Section 82 of the Rural Fires Act 1997 as amended, the bush fire danger period within the Richmond Valley local government area was revoked from midnight Friday 31 March 2023.

Pursuant to Section 87 of the Rural Fires Act 1997 as amended, fire permits will no longer be required in rural areas for the lighting of fire for the purposes of land clearance or land breaks.

Smoke regulations prohibit burning in some areas. Contact Council or your local fire brigade for further information.

FLOOD RECOVERY WORK CONTINUES ACROSS THE RICHMOND VALLEY

Richmond Valley Council continues to make the repair of flood-damaged infrastructure across the area one of its highest priorities.

Work continues across the region on our roads, drainage and other essential infrastructure with Council continuing to advocate to government for continuing funds for these projects.

Across our region, here is the status of some of the major repair projects recently completed or underway.

Neileys Lagoon Road

Culvert replacement and works have been completed and road reopened.

Busby Flat Road

Causeway replacement is completed.

Bentley Road land slip

Upgrading of verge to allow two-lane traffic has been completed. Design and planning works continue for repair of the landslip.

Richmond Terrace Coraki

Richmond Terrace was closed before Easter to complete a pavement repair, remix and seal on the area between Allwood and Grenfell Streets.

Tatham Bridge Deep Creek

Council continues to investigate options to replace the bridge over Deep Creek. Structural bridge engineers have advised a weight-limit be placed on the bridge with heavy vehicle diversions in place.

Naughtons Gap

Geotechnical works on-site have been completed, with further off-site testing underway. Council will receive concept designs by the end of April. The project will then go to the market to find a qualified contractor to conduct the work.

Evans Head Ocean Drive foot path slip

Work commenced prior to Easter. Further investigative geotechnical testing on the road lane will take place to ensure no further work is required.

Manifold Road

Compounds and marking are complete on the site. Weather permitting, work will commence on block patching, unsealed roads and verge repairs.

Pikapene land slip

Geotechnical reports revealed the road failure was caused by excessive water run-off. Council has created a detailed design to address this issue. Upcoming work on the site will include mulching the area, grading of the road up to the land slip to assist with truck movement, repairs works and final grading.

COUNCIL SUPPORT FOR PRIMEX AND BEEF WEEK

Richmond Valley Council has again thrown its support behind two of the area's most iconic events with its significant sponsorship of the Primex Field Days and the Casino Beef Week Festival.

Council has committed to a new three-year deal for both events, with an annual cash sponsorship of \$25,000 to Primex and \$30,000 to Casino Beef Week

Council has been a strong supporter of the events since their inception, and the continuation of sponsorship is an endorsement of their importance to the region and their contribution to our area and economy

Casino Beef Week is the cornerstone event for Casino, known as the Beef Capital, with more than 100 events spread over the 11 days of the festival, bringing people from across the country to celebrate our thriving agriculture industry.

Primex is one of the leading agribusiness exhibitions in Australia, bringing more than 25,000 to the area each year and generating an estimated \$47 million in sales for exhibitors.

Growing the local economy is one of Council's key priorities under its Richmond Valley Made 2030 Community Strategic Plan, developed in consultation with the community, and increasing business and visitation to the Valley is a crucial part of that strategy.

Primex will occur at the Richmond Valley Event Centre, Casino, from Thursday 11 May to Saturday 13 May, while Casino Beef Week will begin Saturday 20 May and finish Tuesday 30 May.

For more information on the events, visit www.primex.net.au and <http://www.casinobeefweek.com.au>

HARVEST FOOD TRAIL

A mushroom grower, olive producer, poultry producer and a farmers' market will soon show off the Richmond Valley's fantastic food offerings thanks to support from Richmond Valley Council.

They will participate in this year's renowned Northern Rivers Harvest Food Trail, held over the weekend 6-7 May.

Richmond Valley Council is supporting the Casino Farmers' Market, Gracemere Farmstead, Mongogarie Olives and Richmond Mushrooms with free participation in the 2023 Harvest Food Trail and one-year membership of Northern Rivers Food.

Through their participation in the Harvest Food Trail, these local businesses will align themselves with some of our region's most high-profile food and beverage producers and promote their goods to new customers and markets.

The Harvest Food Trail allows visitors and locals to have a self-drive experience throughout the Northern Rivers, visit some of our best farms, distilleries, breweries, and restaurants, and enjoy our vibrant local food scene.

Council's Director Community Service Delivery Angela Jones said following the challenges which consecutive years of drought, fire, pandemic and flooding brought, it was important to highlight the talent of the Richmond Valley's food industry.

"We are very proud of our food producers and providers and are excited to help them partner with Northern Rivers Food to promote and celebrate what the Richmond Valley offers," Ms Jones said.

For more information on the Harvest Food Trail, visit www.northernriversfood.org

WE WANT YOUR IDEAS

Would you like to help guide the future of the Richmond Valley? What's your big idea to make our wonderful area even better?

Richmond Valley Council is in the final stages of its latest Community Strategic Plan – which will guide its priorities and direction towards 2040.

You can help guide this plan by telling us about your best ideas on our online survey board. Short and sweet, give us your idea, and it'll be posted up on the board.

While you're on the site, look at all the other ideas which have come in, and drop a heart on anything you agree with.

To take the survey, search our website for the word survey, or use the QR code code provided above.

Put forward your ideas for our area and help shape the future of the Richmond Valley.
