An	pend	dix A – Capital Investment Value	Ę

1 Executive Summary

Genus Advisory has been requested to provide a Capital Investment Value (CIV) for the works associated with the Broadwater Public School Project refer to DA application no. PAN-403335 - DA2024/0087. On this basis, we certify that the estimated Capital Investment Value at the time of February 2024 is:

Eighteen Million, Eight Hundred Twenty One Thousand, Seven Hundred and Forty-one Dollars (\$18,821,741) including GST.

2 Project Description

The Broadwater Public School site is located at 9 Byrnes Street, Broadwater and comprises Lots 501 DP 755624, Lot 5 DP 1043232 and Lot 4 DP 1043232.

Issue and Assessment Requirements – Concept Proposal	Addressed in the Following Sections of this Report
2. Capital Investment Value and Employment	
Provide a detailed calculation of the capital investment value (CIV) of the development prepared by a AIQS Certified Quantity Surveyor or RICS Chartered Quantity Surveyor in accordance with Planning Circular PS 21- 022: Calculation of Capital Investment Value. The calculation of the estimated CIV is to be accurate at the date of application and include details of all components and assumptions from which it is derived.	Section 3.2 & Appendix A
Provide an estimate of the retained and new jobs that would be	Section 4
created during the construction of the development, including	
details of the methodology to determine the figures provided.	

3 Basis of Estimate

3.1 Definition of Capital Investment Value

Capital Investment Value (CIV) is defined by the Environmental Planning and Assessment Regulation 2021:

- "Capital investment value of a development or project includes all costs necessary to establish and operate the project, including the design and construction of buildings, structures, associated infrastructure and fixed or mobile plant and equipment, other than the following costs—
- (a) amounts payable, or the cost of land dedicated, or other benefit provided, under a condition imposed under the Act, Division 7.1 or 7.2 of the Act or a planning agreement under that Division,
- (b) costs relating to a part of the development or project that is the subject of a separate development consent or project approval,

(c) land costs, including costs of marketing and selling land,

3.2 Calculation of CIV

The CIV is estimated at \$18,821,741 including GST.

3.3 Cost Plan Inclusions

We note that this estimate is based on the documentation and project information available at the time of preparing the estimate. Genus Advisory have made appropriate allowances benchmarked against similar projects complemented by assumptions that account for areas of undefined scope as well as utilising actual costs from sub-contractor.

The Total Construction Cost is inclusive of:

- Building and Construction Works.
- 2. FF&E and ICT.
- 3. Preliminaries & Builder's Overhead & Margin.
- 4. Professional Fees.
- 5. Escalation.
- 6. SINSW Management Costs.
- 7. **GST**

4 Job Creation

Job Creation During Construction

Genus Advisory estimate 96 jobs will be created by the development of Broadwater Public School during the construction as per the following calculation:

- \$7,460,428 (Labour cost based on 50% labour Material Split of Construction Costs)
- \$7,460,428 / \$75 per hour = 99,472 hrs
- 99,472 hrs / 1,034 hrs (1 person = 40 hrs x 25.86 weeks) = 96 jobs

We estimate the job creation to be split as per the following:

Indirect: 10 Jobs Direct: 86 Jobs

Document Set ID: 1908299 ADCO Construction | Project: Broadwater Public School | Document: Capital Investment Value Version: 1, Version Date: 26/02/2024

5 Report Parameters

Please note this report is provided for the purposes of the named party only and must not be used by any third party for any other purpose whatsoever without the prior written consent of Genus Advisory. This report has been prepared from documentation and/or information provided to Genus Advisory by third parties in circumstances where Genus Advisory:

- Has not performed our own independent investigations in order to ascertain the veracity and/or accuracy of the documentation and/or information so provided; and
- Do not, in any way, warrant the veracity and/or accuracy of the said documentation and/or information; and
- Do not, in any way, adopt the said documentation and information as our own.

Genus Advisory note this report is an expression of opinion based upon the documentation and/or information provided by third parties and Genus Advisory expressly disclaims any liability to the named party and any third parties where the documentation and/or information is found to be untrue and/or inaccurate in any way.

Appendix A – Capital Investment Value
