Boundaries:
 The boundaries shown herein have been compiled from the title diagram. This survey has not investigated the validity of these dimensions. This plan should not be used for building to boundary, or to prescribed set-backs, without further boundary survey.

Purpose and Use:
 This plan has been prepared for the sole purpose shown in the title block at the date stated. The plan is for the exclusive use of the client and should not be used by others beyond its original purpose.

Contours:
 The contour intervals shown on this plan are suitable in respect to the field survey methodology and should not be interpolated.

Services:
 Only visible services and above ground indicators have been located, Underground services have not been located. If services were not able to be located at time of field survey their position has been derived and plotted from the records of the relevant authority or service provider. Prior to any demolition, excavation or construction, the relevant authority or service provider should be contacted for verification of the location of services and for the possible location of new services on or adjacent to the site. It is the responsibility of the design consultant to undertake their own services investigation.
