

## Waste Management Plan

### Applicant Details

Full name:

Site Address:

Lot:

Section

DP:

### Description of construction work

List existing structures on the property and outline the proposed new construction including areas for demolition.

Existing Structure/s:	Proposed Structure or Demolition
<i>eg. Dwelling house</i>	<i>Demolition of rear deck and fly over roof. Construction of an additional bedroom &amp; bathroom.</i>

### Applicant Declaration

This Plan has been prepared in accordance with the Richmond Valley Council's Development Control Plan, to outline the methods of managing and minimising waste generated on the construction site during the development, at the above address. This Waste Management Plan remains in effect until the Occupation Certificate has been obtained and completion of the building contract has been fulfilled.
